

Geo Delft Conferences 2018

1 - 5 October 2018

Connect with the world's researchers from academia, industry and government active in all geo-information fields

**BECOME A SPONSOR OF THE
GEO DELFT CONFERENCES 2018**

The joint Geo Delft 2018 Conferences will bring together communities from 4 related international organisations: ISPRS, FIG, UDMS and 3D GeoInfo. This will attract researchers from academia, industry and government active in all geo-information fields: data collection, advanced modelling, data management, data analysis, dissemination, visualisation for a wide range of application domains. Specific attention will be paid to the 3D aspects, smart cities and cadastres.

- When & Where: 1-5 October, Delft University of Technology, Delft, the Netherlands
- Platform for discussing the future of Geo-information in all its aspects
- Where Practice and Science get together for real world application of geo-information research
- Meet current leaders and the future generation, a dynamic mix!
- Many opportunities for informal contacts (social events)
- Festive opening with high level keynotes and special guests
- Exhibition for showcasing the latest geo-information products
- Range of excursions to the best geo-information use cases in the Netherlands
