

Programma 8 februari 2011

“ Mathematics in Waterland ”

COSSE Workshop visits Deltares

13.45 – 14.00	Coffee and Tea
14.00 – 14.15	Welcome to Deltares by Mart Borsboom
14.15 – 15.15	Presentations
	<i>Mart Borsboom</i> - Development of a Boussinesq-type wave model for nearshore and harbor simulations
	<i>Herman Kernkamp</i> - Shallow-water flow and transport modeling using structured and unstructured grids
	<i>Peter Wellens</i> - Numerical simulation of extreme wave impacts on structures
15.15 -16.00	Tour of the facilities of Deltares
16.00 -16.30	Drinks
