

# Symposium on Electrical Drives for Sustainable Air Transport

Friday 27th November  
At: CiTG (Building 23)

Lecture Hall C  
Stevinweg 1, Delft

13:00-13:30 Entrance with coffee and tea

**M. Gerber, Aeronamic Aircraft Subsystems**  
Development of a fail-safe permanent-magnet  
starter/generator for aerospace applications

13:30

**C. Gerada, University of Nottingham**  
Aircraft electric/hybrid propulsion  
systems for future platforms

14:00

**B. Mecrow, Newcastle University**  
Electric propulsion systems for solar aircraft

14:30

**H. Polinder, TU Delft**  
Electric drives for aerospace and the energy transition

15:00

15:30 closing and drinks
