

# Funding opportunities for wind@sea community in 2018/19

# What does NWO stand for?

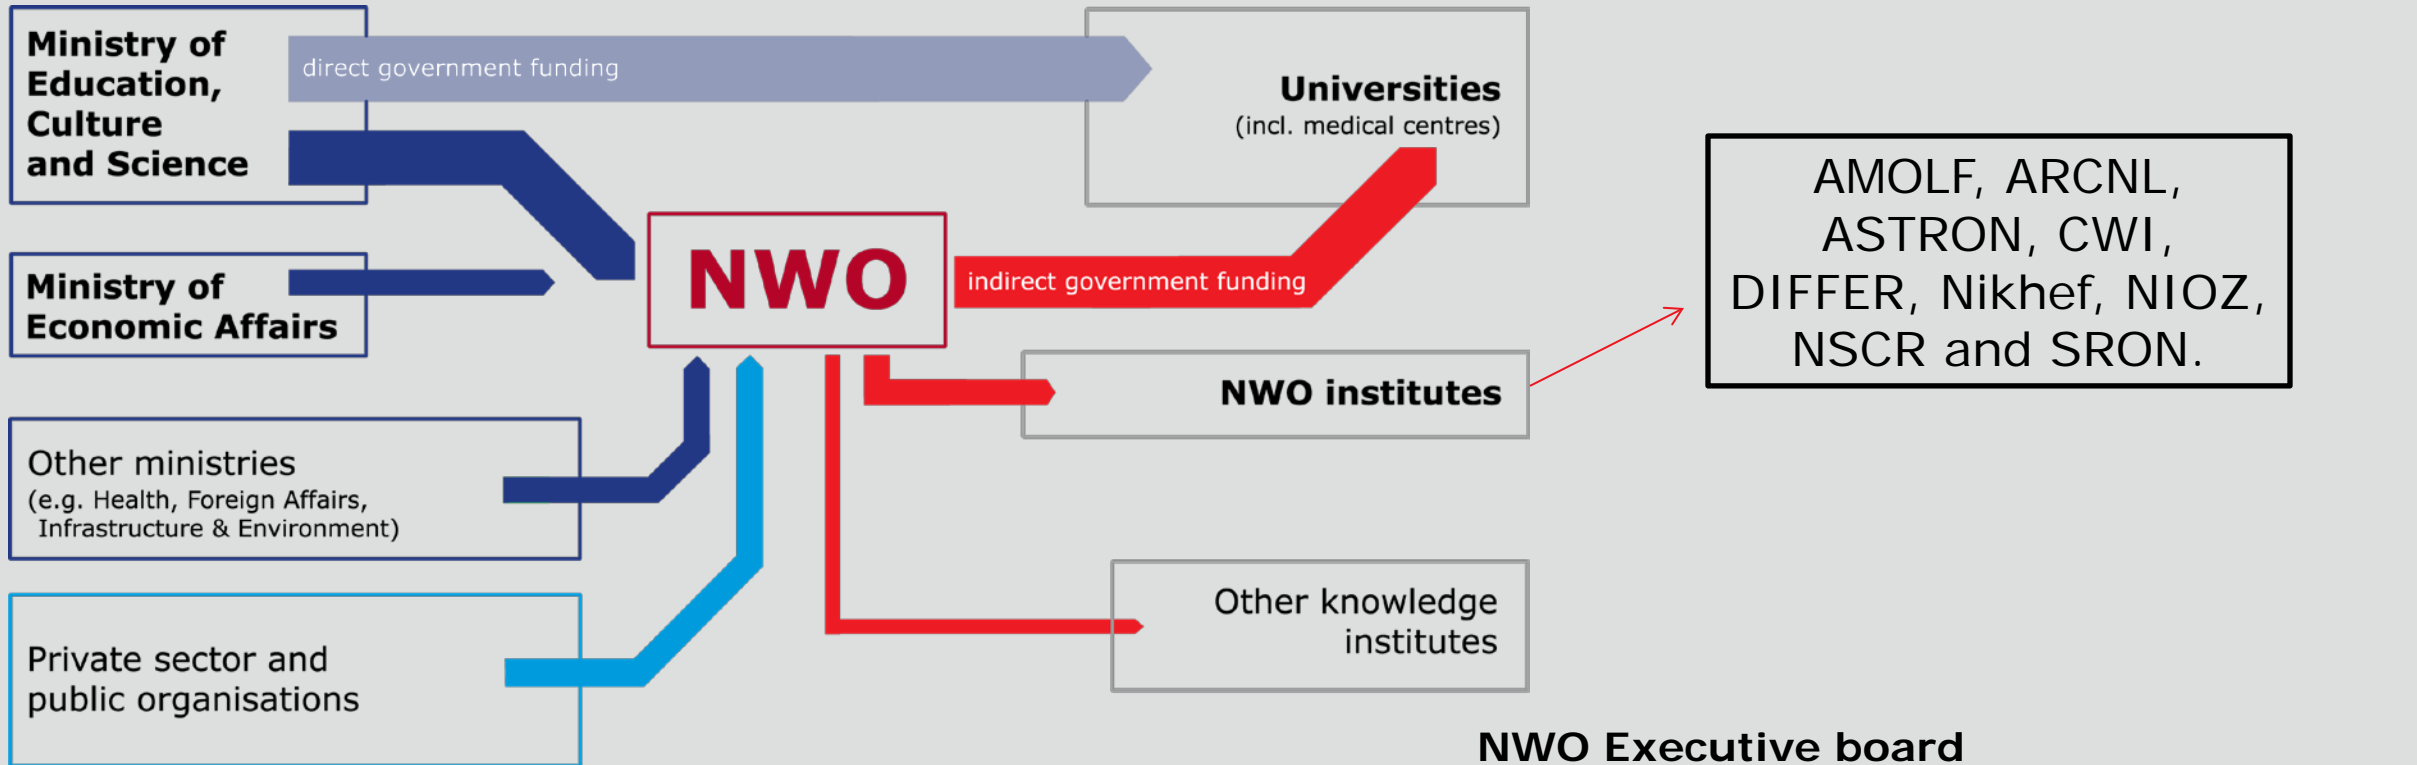

Core task: encouraging quality and innovation in science

Continuation of policy and funding instruments with an emphasis on:

- national and international collaboration within science
- consolidating scientific strengths for societal challenges
- organisation and strategy formation within science, nationally and internationally

# NWO's role in research funding (nexus)

## NWO Executive board

- Domain Science
- Domain Social Sciences and Humanities
- Domain Applied and Engineering
- ZonMw - The Netherlands Organisation for Health Research and Development

# NWO contributes € 550 million to the topsectors in '18/'19

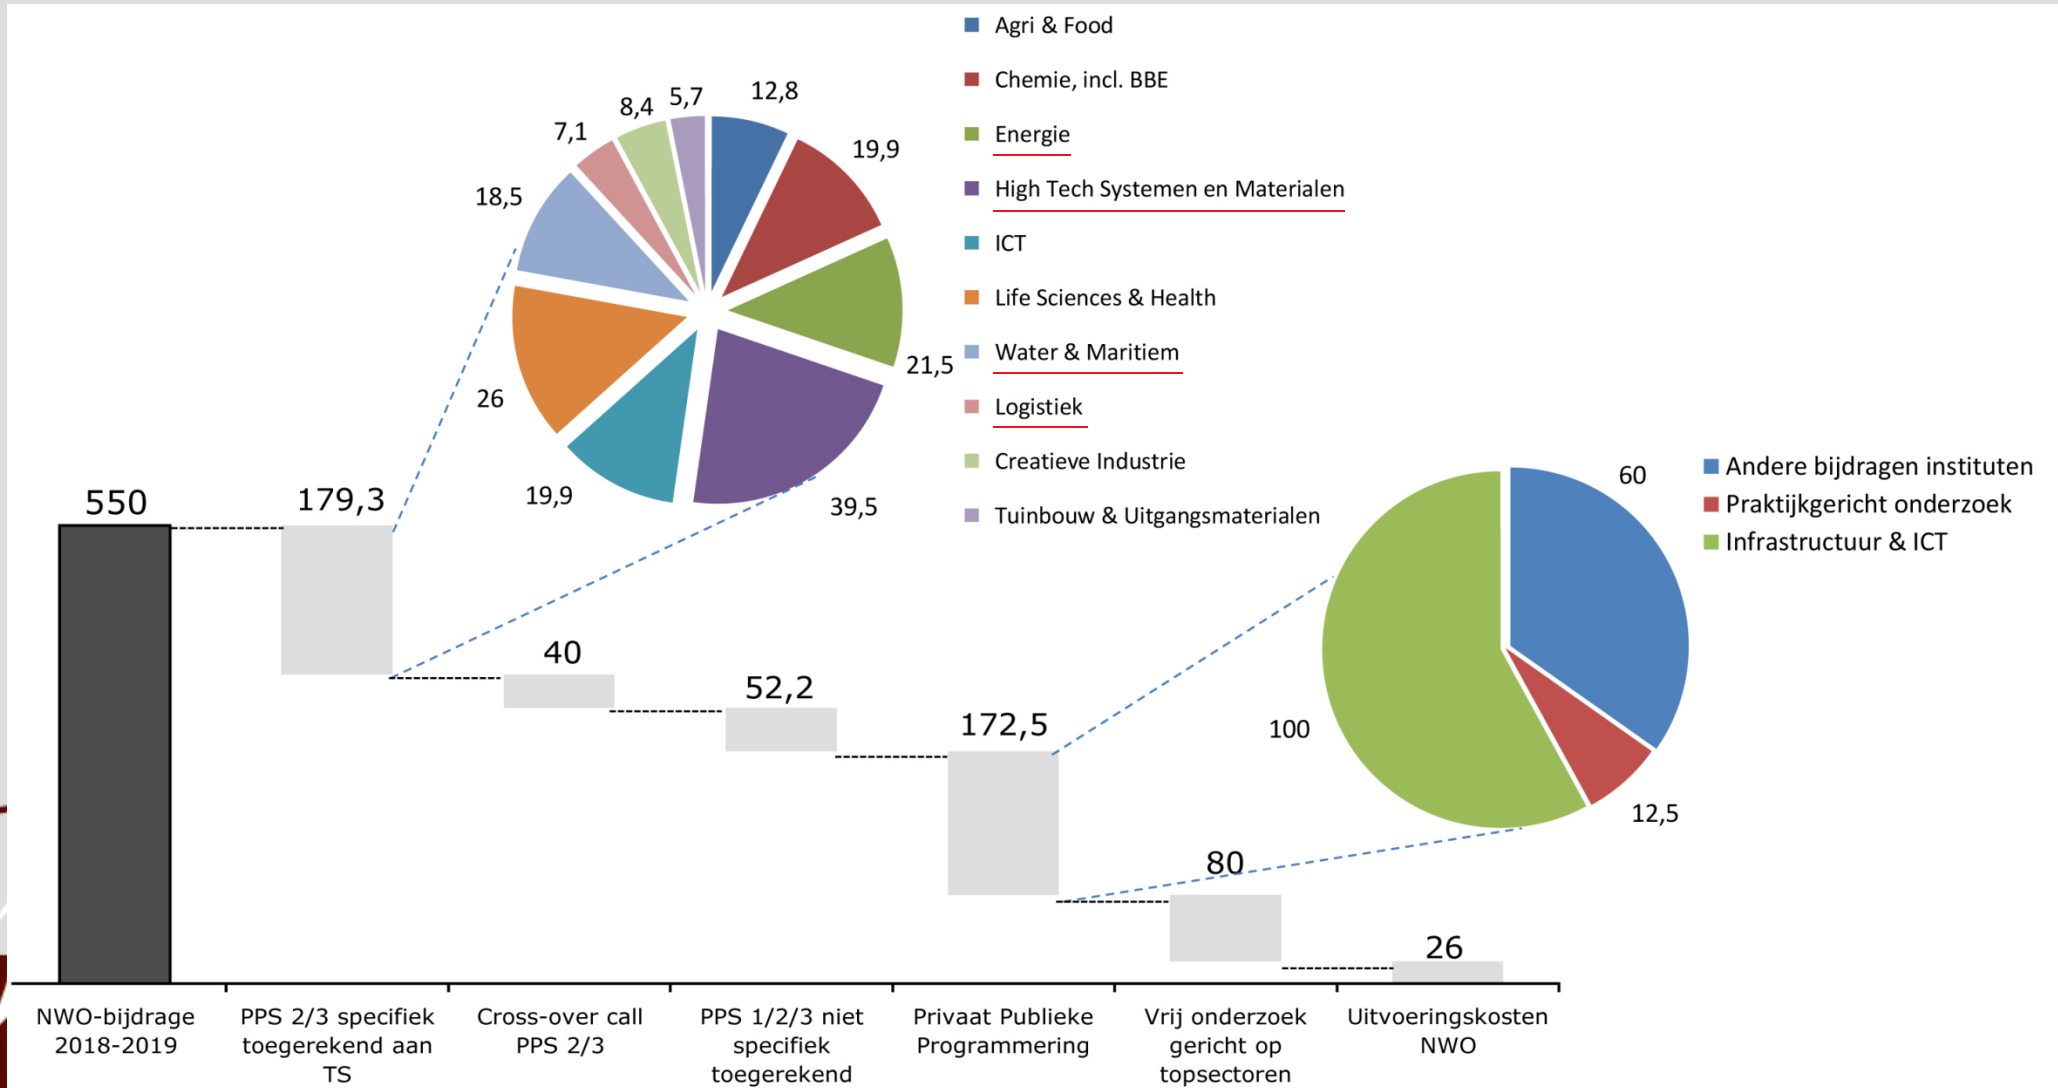

- Thematic calls
- Dutch Topsectors
- Public-private partnerships
- Societal Challenges
- Key Enabling Technologies/Methodologies

# NWO's contribution to the Knowledge and Innovation Contract 2018-2019

# Funding opportunities in 2018 / 2019

## Public-private partnerships

- **NWO Cross-over call:** 40 M€ budget; large consortia; societal challenges; call for expressions of interest will open April/May (tentative)
- **Materials NL Challenges call:** 5 M€ budget; expected scope: designer materials & engineering materials; details later this year; [www.nwo.nl/en/policies/top+sectors/materials+science](http://www.nwo.nl/en/policies/top+sectors/materials+science)
- **Sustainable Living Labs:** 5 M€ budget; cross-over Logistics, Water & Maritime and Energy with focus on Logistics; call open for grants for consortium formation; matchmaking March 6th; [www.nwo.nl/en/research-and-results/programmes/magw/sustainable-living-labs/index.html](http://www.nwo.nl/en/research-and-results/programmes/magw/sustainable-living-labs/index.html)
- **Transitions & Behavior:** 8,4 M€ budget; broad call aimed at human behavior and the human factor in transitions (e.g. the energy transition); call open & matchmaking: september 2018 (tentative)
- **PhD@Sea** (next slide)
  
- Other calls for bottom-up research: HTSM call, ENW-PPS fund (2019), Open Competition NWO Domains (ENW, SGW, TTW) – for details do not hesitate to contact us or visit [www.nwo.nl](http://www.nwo.nl)

# PhD@Sea: programme for 7 – 8 PhD projects with industry

- Motivation: Need for development of fundamental knowledge base and highly-skilled human capital
- Scope: fundamental & multi-disciplinary including social sciences
- Total budget: ~ M€ 2.1 (i.e. M€ 1.5 by NWO, 30% private co-financing)
- Current status: design of programmatic setup; approaching private parties for co-financing
- Time line:
  - Q3: installing programme and review committee; design call text;
  - Q4: launch call
