Are you working or studying at TU Delft and in need of a scientific article which is NOT available in our collection?

Our first choice

GET THE PDF!

1
LEAN LIBRARY
Use a browser extension to include library services like access to licenced and open access articles into your workflow. **Download the Library Access extension** from the Lean Library website.

2
UNPAYWALL
Find, track and use 25 million + open access publications. Download the unpaywall extension at **unpaywall. org** and get access to full-text research papers. For Chrome and Firefox.
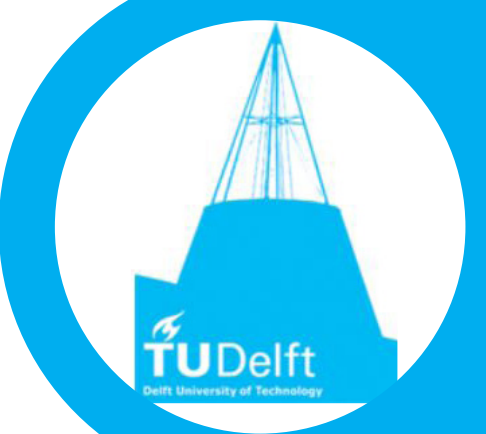

3
OPEN ACCESS BUTTON
Free, legal research articles delivered instantly are automatically requested from authors. Download the button at **openaccessbutton.org** as an extension for your browser.

4
GOOGLE SCHOLAR BUTTON
Find Full-text articles via Google Scholar Button. The button is a plug-in and is available for **Firefox**, **Chrome** and Safari. Add it in the settings of your browser.

5
REQUEST PDF VIA LIBRARY
If a publication is not available in the TU Delft collection, the TU Delft Library offers academic articles as PDF's for all Delft students en researchers by using **interlibrary loan.**
