

# How to add non-TU Delft publications to Pure

TU Delft Library, 8 February 2024

It is possible to register output of work without TU Delft affiliation yourself in Pure research. This research output is made visible in the [TU Delft Research Portal](#).

Research output without TU Delft affiliation will not be included in the [TU Delft Institutional Repository](#). The metadata is validated by the library.

Depending on the chosen template, the fields below are mandatory. Fill in all fields as in the instruction below. Fields marked with an asterisk (\*) are mandatory and must be completed.

## 1. Choose the correct **Category**.

Type

---

Publication category \*

Scientific  Professional  Popular

## 2. Only officially published work may be added. This does not include pre-prints and unpublished articles. For **Publication Status**, choose **Published**.

Only enter the Publication year, do not add month and day.

Publication status ⓘ

---

Publication statuses and dates \*

Published  Year \*  Month  Day

## 3. Choose the correct **Language**, enter **Title** and **Subtitle**.

Publication information ⓘ

---

Original language \*

English

Title of the contribution in original language \*

Subtitle of the contribution in original language

4. Add the **Authors** with associated **Affiliation**.

Add the external organization under your own name (university or company only, no departments) and remove the TU Delft affiliation (uncheck the box).  
Use the affiliates as stated in the article.

### Contributors and affiliations ?

**Contributors \***

*No persons or organisational units associated*

**Total number of authors**

*No value*

5. Enter the correct **Journal**, **Volume** and **Issue number**.

Journal

---

**Journal \***

**Volume**

**Issue number**

6. **NEVER** add files.

If available, always enter the **DOI number**.

### Electronic version(s), and related files and links ?

**Electronic version(s) of this work**

**Other links**

**Other files**

7. Set the Status to **For Approval** and click **Save**.

The librarian checks the metadata and validates the Research Output.
