

# Publishing Open Interactive Textbooks (OIT)

Step-by-step guide for lecturers during project phase (May-Dec 2023), JULY 2023

*Why? Wide exposure, easy adaptability, TU Delft guarantees availability, support available*

1

## Decide to publish in Jupyter Books format

Look at the possibilities in the [demo book](#).

2

## Get in touch with the support team

Contact us via [interactive-textbooks@tudelft.nl](mailto:interactive-textbooks@tudelft.nl).

3

## Familiarise yourself with the quality checklist

Look at the quality checklist and make sure you understand the conditions.

4

## Make your plan

Consider the time you need for text conversion, (interactive) figures, [catalogue information](#), etc.

5

## Discuss support needs

Reach out to us at [interactive-textbooks@tudelft.nl](mailto:interactive-textbooks@tudelft.nl) if you need help.

6

## Finalise the content of your book

Write the content of your book, adding possible relevant figures, or other appropriate materials.

7

## Get the copyright & plagiarism check

Send the PDF to [interactive-textbooks@tudelft.nl](mailto:interactive-textbooks@tudelft.nl).

8

## Check spelling & grammar

Let us know if you want an editor to read through your text.
