

RECAP

Student Community Associations Initiatives

SEPTEMBER 2022 - DECEMBER 2022

For the year 2022, the various study, disputes and international associations were incentivized and given the means* to organize more moments in which students could get in touch with each other.

In this third and last recap of 2022, you will find a full list of the events that have been organized or supplemented as part of this initiative, in the months September up to and including December 2022.
