Application procedure

The Erasmus+ application for the academic year 2024-2025 can be submitted from 10th June 2024. Ensure you apply for this scholarship at least 6 weeks before your start date.

For Joint Education Programmes only

Please follow the procedure stated in the email from your Faculty Programme Coordinator.

For Regular students

The Erasmus + scholarship application will be processed via email. Selected students for exchange programmes within Erasmus + countries can request a Learning Agreement from the Faculty Exchange coordinator. Should you have any questions, check out the FAQ's and read the guideline Erasmus+ study on this webpage.

1. Pre-Application Scholarship steps

- Read your pre-departure email (contains useful information and links for your stay abroad).
- Check for more information online at TU Delft and your host.
- **Self-Composed Minor/Master Specialization- Free Elective** – If this form is needed to confirm your study plan, please start this process as soon as possible. In the months of July and August many international offices abroad and at TU Delft may close for a period of time. Check this information first so you know when you need to have this step completed. The Mobility team does not need to receive this document, this is a document relating to your faculty and board of examiners.
- When the courses have been agreed upon by all parties, only then, can you complete the Learning agreement form.
