

# Research Internship Opportunity for Dutch M.Sc. Students

## Tel-Hai College, Israel

**We invite you to apply for an international research internship at Tel-Hai College in Israel.**

Located in one of the most beautiful regions of Israel, our internship programs offer a valuable opportunity to gain hands-on research experience within the laboratories of Tel-Hai College and MIGAL – Galilee Research Institute, Tel-Hai's affiliated research institute.

The research topics are varied and focus on agriculture, food-tech, biotechnology, nutritional science and the environment.

In collaboration with JNF Holland, scholarships are offered for applicants to cover flights, accommodation and living expenses, for a period of 3-4 months.

Relevant candidates will be invited for an interview (via zoom).

For further details on available research options and application, please scan the following QR code or alternatively, contact us by email [karins@telhai.ac.il](mailto:karins@telhai.ac.il)
