Graduation Agreement

For all TU Delft students that graduate at a company a graduation agreement is required in which all conditions for the graduation are stipulated and agreed upon by the company, the student and TU Delft. The procedure for this graduation agreement is available on the Faculty CEG student portal.

- ☐ By ticking this box, I declare a) that I am graduating at a company and that the graduation agreement has been signed by all parties involved, or b) that I am not graduating at a company and a graduation agreement is therefore not required. Note that without ticking this box, approval of the kick-off proposal may not be given.

Conditions for the composition of the Graduation Assessment Committee

The chairperson of an ENVE assessment committee must be a full professor, associate professor or assistant professor at the faculty of Civil Engineering and Geosciences. The second examiner in the assessment committee must represent a different section of this faculty. In case of an assessment committee of three members or more, the second examiner may also represent a different faculty of the Delft University of Technology, provided at least two members represent the faculty of Civil Engineering and Geosciences.
