Conditions for the composition of the Graduation Assessment Committee

The chairperson of the assessment committee must be a (full) professor or associate professor within the Construction Management and Engineering programme. The three university members of the assessment committee must belong to at least two different sections within Delft University of Technology, and at least two of them must have a University Teaching Qualification (UTQ). The third university member can be a researcher or PhD-candidate.

Composition Graduation Assessment Committee

Role	Titles and names members	Section/Faculty/Company
Graduation Chair*		
Main Supervisor*
