

Summer 2024

Welcome new TIL students!

Congratulations on your acceptance to Delft University of Technology (TU Delft) and welcome to our MSc Transport, Infrastructure and Logistics (TIL) programme here in Delft!

2 September – Formal start of the TIL programme

On Monday morning September 2nd, we will organise the TIL Welcome Workshop to inform you about further details of the programme, meet up with your fellow students, the study association and staff members. This workshop will be followed by a lunch after which, a social TIL-related activity will take place. Note that due to the unknown dietary restrictions of students, we are only able to offer a vegetarian lunch for all (please bring your own lunch if you do have any dietary restrictions which do not comply with a vegetarian lunch).

September 2nd also marks the start of the social introduction week(s) organised by our study association, Dispuut Verkeer, to give you a great start at TU Delft. Activities include a BBQ, V-Drinks (drinks at the faculty) and coffee corners (come drink free coffee at Dispuut Verkeer's boardroom). Details can be found at the bottom of this document.

Study association Dispuut Verkeer

[Dispuut Verkeer](#) is the study association for the Master programme of Transport, Infrastructure and Logistics (TIL) and the Traffic and Transport Engineering (TTE) track of the Civil Engineering Master programme at TU Delft. The association is fully run by students of these two studies. Dispuut Verkeer organises fun and educational activities and initiatives which promote the social, academic and professional development and networking of students. The association is a great way to get to know a lot of students who have the same interests as you, namely infrastructure and traffic.

Join us for the Introduction Week and get connected!

We are here to help you have a great start at TU Delft!

- You can already [join as a member of Dispuut Verkeer here](#) to get access to our resources, events and opportunities. All information about the association can be found [on their site](#).
- If you have any education related questions, feel free to contact our commissioner of Education (TIL), Jochem den Nijs, via email at education@dispuutverkeer.nl.
- Any other questions regarding the association can be directed to info@dispuutverkeer.nl.
- To get connected with other 1st year TIL students, you can also join the following whatsapp group: [TIL 2024/2025 Students Whatsapp Group](#).
- Join the Ambassador Program where you are part of a group of 12-15 other students led by a 2nd year student Ambassador from TIL who can help you on a 1-on-1 basis to get familiarised with TU Delft life. Your ambassador will contact you directly.
- See the [attachment](#) for TIPS by Dispuut Verkeer (related to study and living in Delft).

We wish you a great summer period and, also on behalf of Dispuut Verkeer, we are looking forward to welcoming you soon to the TIL program!

Dr. Ir. Arjan van Binsbergen - Director of Studies of MSc Transport Infrastructure and Logistics
Dr. Stefano Fazi - TIL Programme Coordinator

Dispuut Verkeer Introduction Activities Schedule

All introduction activities are free to join without sign-up except for the BBQ. If you want to join the BBQ, please fill out [this form](#).

Monday, Sep 9	12:45 - 13:30	Lustrum Lunch Lecture by Bart van Arem	@CEG, Lecture Hall TBA
Friday, November 15	To be announced	DV Start-of-the-Year Party	To be announced

Coffee corner

During lunch you can drop by the HoK (CiTG 4.08) and come have a cup of coffee, tea or hot chocolate and enjoy some snacks provided by the board of Dispuut Verkeer.. The Coffee Corners are a low-key way to chat with fellow students and to ask questions about TIL, Dispuut Verkeer or Delft in general to experienced TIL students.

V-Drinks

During the V-Drinks many members of Dispuut Verkeer gather at PSOR (the faculty bar) to chat and have (free) drinks. Dispuut Verkeer members can also order some dinner to have during the drinks.

Lustrum Lunch Lecture

This academic year, Dispuut Verkeer turns 35-years-old, which means it is time to celebrate the seventh lustrum of our study association. To kick off the celebrations for this milestone, a lunch lecture will be held by member of honour Prof. Dr. Ir. Bart van Arem. Afterwards, the theme of the lustrum will also be presented, so do not miss out!
