General

Article 1 Scope of applicability

These Rules and Guidelines govern the Applied Physics, Chemical Engineering, Life Science & Technology, Nanobiology, and Science Education & Communication Master's degree programmes of Delft University of Technology and Erasmus Medical Centre, referred to below as the 'Programme'.

The Board of Examiners is also responsible for students of the bridging programmes of the named masterprogrammes, with the exception of the bridging minor students.

Article 2 Definition of terms

The definitions of terms contained in Article 1.1 of the Dutch Higher Education and Research Act (*Wet op het hoger onderwijs en wetenschappelijk onderzoek*) and Article 2 of the Applied Physics, Chemical Engineering, Life Science & Technology, Nanobiology and Science Education & Communication Master's Programmes Teaching and Examination Regulations, referred to below as the 'Master's Programme Regulations', apply.

Article 3 The Board of Examiners' working method

1. In principle the Board of Examiners meets once a month
2. The Board of Examiners may delegate certain clearly defined duties.
3. The Board of Examiners delegates day-to-day affairs that are specific to the degree programme to the Sub-Board of Examiners of the relevant degree programme.
4. The meetings are not public.
5. If a student submits a request or complaint to the (Sub-)Board of Examiners that involves a member of said Board, then the member in question shall not be involved in the handling of the request or complaint and will temporarily withdraw from the meeting.
6. A report will be drawn up regarding the matters discussed at meetings.
7. Every year, the Board of Examiners compiles a report on its activities in the previous academic year and sends this report to the Dean.

Article 4 Decisions taken by the Board of Examiners

1. The Board of Examiners' rulings are based on a simple majority vote.
2. If the votes are equally divided the Chairman of the Board of Examiners will have a casting vote unless the votes were cast by ballot.
3. If votes cast by ballot are equally divided, then a second vote by ballot will be held; if the votes are once again equally divided, the proposal being voted upon will be rejected.

Article 5 Examiners external examiners and ad hoc committees

1. The Board of Examiners appoints as examiners on a yearly basis:
Those members of academic staff (tenured or appointed on a tenure track position), employed by the university responsible for the degree programme, and teaching part of the degree programme, are the examiners for that part of the degree programme.
2. The Board of Examiners is entitled to appoint experts from outside the programme or the university as examiners. This appointment of an external examiner will be for a maximum period of two years, with the option to extend this period each time by a maximum of another two years.
3. The Board of Examiners may appoint ad hoc committees.

Article 6 Standards

The Board of Examiners or the examiner will use the following standards as a guideline when making decisions and will weigh the various standards against each other in the event of any inconsistency:

- a. maintaining the quality and selection requirements with respect to the examination or part of the examination in question;
- b. expediency, with the goal of:
 - limiting study delays of students who are making good progress in their studies;
 - and persuade a student to drop out of the programme with as little loss of time as possible if it has become unlikely that the programme will be completed within a reasonable period of enrolment;
- c. warning students and taking appropriate action if they are in danger of taking on too great a study load;
- d. leniency with respect to a student who is experiencing or has experienced a study delay due to circumstances that are beyond his/her control.

Article 7 Language

1. A student who submits a request to the Board of Examiners to take one or more parts of an examination in another language as referred to in Article 9 of the Master's Programme Regulations must substantiate that request.
2. Before making a decision, the Board of Examiners is to obtain advice from the examiner(s) in question with regard to the request.

Article 8 Fraud

1. Fraud is taken to mean any act or omission by a student that makes it fully or partially impossible to properly assess the knowledge, insight and skill of that student or another student. Fraud includes committing any form of plagiarism, including any and all cases in which a student suggests that a piece of work is his/her own when that is not the case.
2. Whenever a student is suspected of having committed fraud, the matter will be dealt with by the Board of Examiners of the study programme on which the student is enrolled. If a Board of Examiners receives a complaint relating to fraud about a student who is enrolled on a different study programme, it will immediately pass on the complaint to the Board of Examiners of the relevant study programme. In the case of fraud committed in group work involving students from different study programmes, the Boards of Examiners concerned will together agree which Board of Examiners will handle the complaint. The Board of Examiners dealing with the complaint will keep the other Board or Boards informed of the outcome.
3. If fraud is suspected while an examination is being taken, the examiner or invigilator will immediately inform the student in question and record the incident in writing as quickly as possible. The examiner or invigilator may request the student to make available any evidence. If the student refuses to do so, this will be noted in the report. The report and any evidence will be submitted to the Board of Examiners immediately.
4. If fraud is suspected other than while an examination is being taken, the examiner will record the incident in writing as quickly as possible. The report and any evidence will be submitted to the Board of Examiners immediately.
5. The Board of Examiners will give the student an opportunity to add written comments to the report that was prepared by the examiner or invigilator.
6. In case of fraud, barring exceptional cases, a mark will not be issued for the examination or practical in question.
7. The Board of Examiners will decide whether a sanction will be imposed and can impose the following sanctions on the student depending on the gravity of the case, including repeated incidents of fraud:
 - a. a reprimand;
 - b. exclusion from the examination or practical in question for a maximum period of one year;
 - c. exclusion from one or more examination periods for a maximum period of one year; or
 - d. a combination of the measures listed above.If a student is implicated in a serious case of fraud, then the Board of Examiners recommend to the Executive Board that the student's registration in the programme be revoked indefinitely.
8. The Board of Examiners will not make a decision as referred to in paragraph 6 until after the student has been given an opportunity to be heard. A hearing will not be necessary if the Board of Examiners determines that that no fraud has been committed.
9. The Board of Examiners informs the student of the decision and will in addition point to the possibility to appeal¹ against the decision.

Article 9 Time limits

The Board of Examiners will render a decision with respect to a student's application within 40 working days after the application is received or, if the application is submitted during an academic holiday or within a period of three weeks prior to an academic holiday, within 40 working days after the end of that holiday. The Board of Examiners may postpone making a decision for a maximum period of 10 working days. The student will be informed in writing of any postponement before the end of the period referred to in the first sentence.

¹ See art 36 and attachment 1

Registering and withdrawing

Article 10 intentionally left blank

Article 11 intentionally left blank

Article 12 **Registering for the degree audit and applying for degree certificates**

1. Registration for the degree audit and the application for the degree certificate must be submitted to the Student Administration no later than 20 working days before the degree audit in question is to be held.
2. The student must submit the final study programme to the Student Administration no later than the day on which the period referred to in paragraph 1 commences.
3. All requirements must be met and all results must have been submitted to the Student Administration no later than five working days before the meeting for the degree audit in question.
4. The Student Administration has the possibility of putting a student forward for the degree audit if it has established that the student has met all the obligations for the degree audit. The Student Administration will inform the student of its intention to put the student forward for the degree audit. The Student Administration will drop its intention when the student indicates within the specified period that he/she wishes to improve a result or wishes to supplement his/her examination programme. In that case, the student will have the opportunity to do so during the rest of the current academic year.

Article 13 **Withdrawal or absence**

1. Withdrawal from the degree audit has to be arranged via the Student Administration and is possible up to the day before the meeting for the audit in question is due to be held;
2. Any student who has withdrawn from the degree audit should re-register on a subsequent occasion, in accordance with the provisions of Article 12.

Examinations and practicals

Article 14 Taking written and oral examinations

1. If the same examination is administered by more than one examiner, simultaneously or otherwise, and the results of the examination in question are also assessed by more than one examiner, the final assessment will be made on the basis of the relevant (and identical) predetermined standards in accordance with the provisions of Article 17 paragraph 2. If necessary the Board of Examiners will designate an examiner who will have primary responsibility for administering the examination.
2. In exceptional cases the Board of Examiners may allow a student to take an examination in another form than stated in the study guide. This request must be substantiated.
3. An oral examination will be conducted by two examiners.
4. A student's registration will be confirmed by or on behalf of the Board of Examiners during written or oral examinations.
5. An online invigilated examination must meet all possible guarantees to prevent fraud.

Article 15 Questions and assignments

1. The questions and assignments covered by an examination will not include material that is not part of the sources that are to be made known in advance and from which the questions and assignments are derived. These sources will be generally made known before commencement of the work that prepares students for the examination. The precise scope of the material will be finalised no later than one month before the examination is taken.
2. The questions and assignments contained in an examination are to be a well-balanced representation of the materials studied.
3. Content and form of the examination will reflect the objectives, as laid down in the assessment matrix of the subject.
4. The questions and assignments will be clear and unambiguous and are critically read by a colleague/second reader. The method of assessment and the rating of the questions are to be made clear and unambiguous so that the student is fully aware of how extensive and detailed the answers must be. On the examination coverpage the name of the second reader and the rating of the questions are mentioned.
5. Well before a written examination, the examiner will give the students the opportunity, to familiarise themselves with examples of representative examination questions and answers and the examination assessment standards.
6. The time limit for examinations will be such that the student will have sufficient time to answer the questions, based on reasonable standards.

Article 16 Order during examinations

The examiner will ensure that invigilators are designated for written examinations. The invigilators will maintain order during the examinations and ensure that they run smoothly, on behalf of and under the responsibility of the Board of Examiners. The invigilators will observe the 'Guidelines for the invigilation of examinations'², which will be available in the examination location.

1. At the request of the Board of Examiners the student will be required to identify him/herself using his/her student ID or other valid proof of identity (a passport, ID card or driving licence).
2. The student must follow the instructions issued by the Board of Examiners, the examiner or the invigilator that have been published before the start of the examination and the instructions that are given during the examination or immediately after it has ended.
3. A student who does not comply with the provisions contained in or pursuant to the second and third paragraph may be excluded from further participation by the Board of Examiners or the examiner. In these cases no mark will be recorded for the examination.
4. Examination paper and scrap paper will be provided. However, the student must bring his/her own writing and drawing materials. Only work written on examination paper will be assessed.
5. If the use of a calculator is permitted during an examination, the student must bring his/her own calculator³, which must be in compliance with the function limits indicated by the examiner.

- Texas Instruments 83 plus, 84 plus silver edition or 84 plus C silver edition

6. During an examination the student may not have in his/her possession nor may he/she consult any books, lecture notes, other notes or other documents unless the examiner has decided otherwise.
7. During an examination the student may not use any pre-programmed calculators, computers, mobile telephones or other devices that have comparable functions unless the examiner has decided otherwise.
8. During an examination the student may not copy from other students or exchange information and/or materials with other students in any manner whatsoever, either inside or outside the location where the examination is held.
9. Answers may not be written in pencil unless the examiner has given permission to do so in advance.
10. The student may not take the examination assignments with him/her after the examination has ended unless the examiner has decided otherwise.
11. Students who wish to participate in an examination more than 30 minutes after the examination in question has started will not be admitted.
12. The student is not permitted to leave the location where the examination is being held within 30 minutes after an examination officially starts. In urgent cases permission may be given to leave the location where the examination is being held after those 30 minutes have passed, under the supervision of an invigilator. No more than one student may be absent at any given time.
13. Before the student's final departure from the location where the examination is being held (not earlier than 30 minutes after the examination in question has started) the student must hand in the examination work, on which he/she has written his/her name and student number on each page, to the examiner or invigilator.

Article 17 Assessment

1. The assessment method, including the weighing of components, is to be transparent such that the student can ascertain how the result was reached.
2. Written examinations will be assessed, with due observance of the provisions contained in Article 14(paragraph 1), on the basis of model answers and standards that have been laid down in writing in advance and that may be revised during correction.
3. A result will be indicated by a mark, a V (voldaan - pass), an O (onvoldoende- fail), NVD (niet-voldaan – fail- calculated by Osiris) or a VR (vrijstelling - exemption). NV (niet-verschenen) to be used if a student did not meet a deadline or did not show up.
4. A final mark for a subject will be expressed in a whole mark or a half mark from 1,0 to 10,0. The meaning of the marks is as follows:
5.

9,5 – 10,0	Excellent
8,5 – 9,0	Very good
7,5 – 8,0	Good
6,5 – 7,0	More than satisfactory
6,0	Satisfactory
4,5 – 5,5	Unsatisfactory
3,5 – 4,0	Poor
1,0– 3,0	Very poor
6. **Tenths:** If the marks are rounded off to half and whole figures, three-tenths, four-tenths, eight-tenths and nine-tenths will be rounded up and one-tenth, two-tenths, six-tenths and seven-tenths will be rounded down.
Hundredths: Hundredths greater and equal to 0,05 will be rounded up and hundredths lower than 0,05 will be rounded down.
7. If a subject consists of more than one component, the subject description in the study guide will indicate how the final mark will be determined. The following provision applies in this respect: the mark for a component examination will be expressed in tenths.
8. Final marks that are earned in another degree programme at this or another Dutch university will be adopted as they have been given, as a whole figure or half figure or as a decimal figure. The definition that the other degree programme attributes to those marks will also be adopted. The provisions of Article 31 apply to final marks that are earned abroad.
9. If more than one result is earned for a subject, the highest result that has been earned will apply during the degree audit.

- Texas Instruments TIInSpire CX, the version without CAS (de TI-Nspire CAS is not permitted). TI also delivers an orange externally assembled cradle with which communication with an external computer is possible, The cradle is not allowed.
 - Older types are also permitted, but it is possible that some assignments cannot be answered or are more difficult to answer using them.

Article 18 Registration and publication of examinations and practical results

1. Article 20 of the Master's Programme Regulations determines the manner in which the results of an examination will be published.
2. The examiner will register the results in Osiris, indicating the date as stated in art 19.
3. The examiner may lay down further rules with respect to the final date on which an assignment must be completed. These rules must be included in the course overview contained in the digital studyguide⁴.

Article 19 Official date of completed examinations and practicals

1. The official date of an examination will be the date on which the written or oral examination was taken.
2. The date of a practical will be the date on which the final report is submitted or the final oral presentation is held, or, in case both are mandatory, the date the last requirement has been met. If there is no report or final presentation, the date on which the practical ends.

Article 20 Retention of work and results

1. Due to the possibility of appeals proceedings, student work that has been assessed, with the exception of three-dimensional projects, must be retained for at least two years after the date of the examination. Three-dimensional projects must be retained by the examiner for at least six weeks after the results have been published.
2. In connection with the re-accreditation of the study programme, in contravention to paragraph 1, successfully completed Master's theses and the related evaluation forms must be retained for at least seven years.
3. In the event that no result has been published, the period referred to in paragraph 1 will commence on the date on which the examination is held.
4. The results of examinations or a component examination, registered in Osiris, will be retained by the Student Administration for a period of at least 10 years.

Exemption

Article 21 Exemption application procedure

An application for an exemption from all or part of a subject must be submitted to the Board of Examiners in writing, stating the reasons for the exemption request, together with any documentary evidence. The student must attach the recommendation of the examiner concerned to his/her application.

Article 22 Official date of an exemption

The official date of an exemption will be the date on which the Board of Examiners grants the exemption.

Further rules governing internships and projects

Article 23 Internships

An internship will be carried out according to the Implementation Regulations of the programme. The procedure for Internships has been established in consultation with the Board of Examiners. The procedure is accessible for students and staff on the student portal of the Faculty of Applied Sciences > Blackboard TU Delft > organization > education > applied sciences > Stagebureau TNW / Internship Office Applied Sciences.

Procedure and responsibilities:

- The internship comprises a period of 3 months of full-time work, including writing the report.
- The student has to find a TU supervisor with appropriate expertise, who is member of faculty (tenured or appointed on a tenure track position) of the faculty of Applied Sciences.
- The application form has to be signed and submitted to the Internship Office
- The TU supervisor is responsible for approving the content of the internship.
- The assignment is at the level of a graduated engineer.
- The standard contract Internship and if needed the Confidentiality Statement of the faculty of Applied Sciences have to be used. If a company insists to use an own contract, the Contract management Bureau has to be asked for advice, to guarantee the assessment of the internship and to safeguard the student from clauses including extortionate fines.
- The internship will be evaluated by both the company (2/3) and the TU supervisor (1/3).
- The internship will be assessed according to the internship grading scheme.
- The review form has to be signed by the company and the TU supervisor, the company supervisor gives an advice on the grade, the ultimate responsibility rests with the TU supervisor.
- A digital copy of the internship report (student) and the review form (TU supervisor) have to be sent to the Internship Office that processes the grades.

The procedure for SEC students is different and can be found on the SEC Blackboard organization.

Article 24 Projects

Within projects the students can be assessed as a group but must also be assessed individually,
For further

r rules governing projects, please refer to the relevant course descriptions in the digital Study Guide.

Article 25 Official date of internship and project results

1. As stated in Art 19

Further rules governing MSc thesis projects

A MSc thesis project will be carried out according to the Implementation Regulations of the programme. The procedure for MSc thesis projects has been established in consultation with the Board of Examiners. The procedure is accessible for students and staff on the student portal of the Faculty of Applied Sciences, www.tnw.tudelft.nl/thesisprojects > Blackboard Delft > organization > education > applied sciences > Eindprojecten Administratie TNW/Thesis Office Applied Sciences.

Procedure:

- The student has to find a supervisor with appropriate expertise, in accordance with the Implementation Regulations of the programme.
- The TU supervisor is responsible for approving the thesis project proposal.
- The application form has to be signed and submitted to the Thesis Office
- Thesis projects are always conducted under the supervision of a designated research group, in order to safeguard the final attainment levels.
- If a part of the thesis project takes place outside a research group for a period longer than 3 months, this has to be approved by the Board of Examiners.
- The master thesis project will be assessed according to the master thesis grading scheme.
- A digital copy of the thesis report (student) and the review form (supervisor) have to be sent to the Thesis Office that subsequently processes the grades.

Article 26 MSc thesis projects outside the designated research groups

1. Students who wish to spend more than three months working on the MSc thesis project outside research groups designated in the Implementation Regulations must ask authorisation from the Sub-Board of Examiners.
2. To obtain the authorization mentioned in paragraph 1, students must submit a written request to the Sub-Board of Examiners with the consent of the responsible thesis project supervisor at least 20 working days before starting the MSc thesis project.
3. This request is subject to the following approval procedure:
 - A thesis project is carried out under supervision of designated research groups.
 - The project is part of existing research.
 - The initiative for collaborating with third parties rests with the research group only, not with the student.
 - The project needs to be of the same academic level as that of a project that was carried out completely in one of the research groups.
 - For a thesis project the faculty provides intensive and academic supervision. This means that there has to be frequent consultation between the supervisor(s) and the student.
 - The assessment is based on 6 categories of learning outcomes, opposed to just only on a final report and presentation. Intellectual skills, academic attitude and research skills are a part of the assessment.
 - The faculty archives the final report completely and uncensored, without any concessions or embargo. The faculty will not publish the report, but archives this under stringent confidentiality and documented conditions.
 - The student will present the uncensored results of the project at the faculty to the complete assessment committee. This presentation can have a private character.

Article 27 Composition of the assessment committee for MSc thesis projects

1. A committee will be composed by or on behalf of the Board of Examiners for the assessment of the MSc thesis project. The committee will consist of at least three members⁵ of academic staff (tenured or tenure track) or member(s) for the occasion appointed by the Board of Examiners (art 5.2):
 - a. The responsible thesis supervisor is one of the members of the assessment committee.
 - b. At least one of the members belongs to the teaching staff of the master programme for a part of the degree programme other than the master thesis project (art 5.1).
 - c. At least one of the members is a full professor.
 - d. At least one of the members belongs to a TU Delft research group independent⁶ from the group the responsible thesis supervisor belongs to.

Article 28 Working method of the assessment committee

- The master thesis project will be reviewed according to the master thesis grading scheme.
- Digital copies of the thesis report (student) and the review form (supervisor) have to be sent to the Thesis Office that processes the grades.
- The review form must be filled out completely. It is required to write a short motivation for the final grade in the field 'comments'

Article 29 Official date of the MSc thesis project results

As stated in art 19

Curriculum components completed elsewhere

Article 30 Inclusion in the degree audit programme

The number of credits to be submitted for the degree audit and that are derived from subjects for which an exemption has been granted and/or from subjects completed outside the degree programme may not exceed a total of 60.

Article 31 Provision of information

1. If a student has completed approved subjects outside the degree programme, the student is responsible for ensuring that the authorised agency issues a statement indicating the subject in question by name and insofar as applicable by subject code, the associated study load (credits), the results, the date on which the results were earned and the date on which the statement was issued.
2. In the case of subjects taken abroad, the student must request the Board of Examiners to determine the scope in credits and the result.

⁵ Committee members that do not meet the criteria (postdocs or PhD students) can be added as fourth or fifth member of the committee.

⁶ The examiner referred to in Art 27.d is meant to control the assessment. Preferably an exchange of reviewers from departments and research groups takes place.

Pass/fail rules

Article 32 Pass/fail rules governing Master's degree audit

1. The student meets the requirements for the degree audit once the following have been met:
 - a. a result has been earned for all subjects: a mark, a pass (v) or an exemption (vr);
 - b. none of the marks may be lower than 6,0.
2. The method of assessment will be transparent so that the student can ascertain how the result was reached.
3. In special cases the Board of Examiners may deviate from the provisions of paragraph 1. It will stipulate additional requirements if necessary.

Article 32A Pass/fail rules governing the Honours Programme Master

The student meets the requirements for the Honours Programme Master once the following have been met:

- a. A mark or a pass (v) has been achieved for all subjects in the master's degree programme and the Honours Programme Master.
- b. The weighted average of the results of the subjects of the master programme, not including the subjects of the Honours Programme, is at least 7,5;
- c. The study duration of the Master's degree programme and the Honours Programme Master from which any delay in studies due to circumstances beyond the student's control has been subtracted is a maximum of two years calculated from the date of the first examination. In exceptional circumstances, the Board of Examiners can deviate from this time period.

Article 32B Pass/fail rules governing annotations

The student has passed an annotation (TISD, Entrepreneurship, Nuclear Science & Engineering, Casimir, Education) as set out in the Master's Programme Regulations if he/she has achieved a mark or a pass (v) for the master's degree programme including all subjects of the annotation programme.

Conferring the predicate 'cum laude'

Article 33 The designation 'cum laude' for Master's degree audits

1. A student can receive the designation 'cum laude' for the Master's degree audit if the Board of Examiners decides to grant this distinction and the following requirements have been met:
 - a. the weighted average of the results of the subjects not including the MSc thesis project is at least 8,0; passes (V) and exemptions (VR) will not be taken into consideration;
 - b. the number of credits for the subjects for which a pass (V) has been earned or for which an exemption (VR) has been granted may not exceed 30 credits in total (for MSc SEC 90EC applies).
 - c. The result for the MSc thesis project is at least 9,0.
 - d. None of the marks may be lower than 7,0.
 - e. The student's degree programme has not taken longer than two years, calculated from the date of the first examination, taking into account any study delay that falls under the Graduation Support Scheme.
2. In special cases the Board of Examiners may decide to grant the designation 'cum laude' to a student who does not meet the requirements referred to in paragraph 1 if the student in question has shown exceptional skills in the degree programme in question.

Degree certificates and results achieved

Article 34 Degree certificate, transcript and supplement

1. A degree certificate will be issued by or on behalf of the Board of Examiners as evidence that the degree audit has been completed.
2. The degree certificate for the Master's degree audit will be signed by at least one member of the Sub-Board of Examiners on behalf of the Board of Examiners.
3. A supplement in English will be provided when the degree certificate is issued, which will in any event indicate the results achieved.
4. A student can request the sub Board of Examiners of the Science Education and Communication (SEC) Master's programme to issue a teacher qualification if the following conditions have been met:

- The student has successfully completed the Education specialisation (*verdiepingsdeel*) in his or her examination programme (with an exemption, a mark or a pass (v) for all subjects.

The SEC (sub)Board of Examiners will grant the qualification by mentioning it on the degree certificate mentioned in paragraph 1. This *eerstegraads onderwijsbevoegdheid* qualifies the student in question as a teacher of preparatory higher education (*Voorbereidend Hoger Onderwijs, VHO*), in accordance with the Education Professions Act.

5. The degree certificate, after having passed the degree audit, is dated at the student's last examination.

Article 35 Statement of results achieved

1. A student who has successfully taken one or more examinations and to whom the degree certificate within the meaning of Article 34 cannot be issued when he/she leaves the university will receive a statement from the Board of Examiners upon request. That statement will indicate the student's personal data, subject code(s), subject name(s), number of credits, the result(s) and the date(s) on which the result(s) was/were earned.
2. A statement as referred to in paragraph 1 must be requested from the Student Administration.

Appeal and final provisions

Article 36 Appeals against decisions made by the Board of Examiners

An appeal⁷ may be brought against a decision made by the Board of Examiners and/or an examiner within a period of 6 weeks after the person in question has been notified of the decision. Appeals may be brought before the Examination Appeals Board for the examinations referred to in Article 7.60 of the Higher Education and Research Act. The Board of Examiners will refer to this possibility of appeal in its decision.

Article 37 Amendments to the Rules and Guidelines of the Board of Examiners

No amendments may be made to these Rules and Guidelines that apply to the current academic year unless the students' interests remain reasonably unaffected.

Article 38 Unexpected circumstances

Insofar as these Rules and Guidelines do not provide for specific circumstances, the Board of Examiners will make a decision that is in line with these Rules and Guidelines to every extent possible.

Article 39 Entry into force

These Rules and Guidelines will enter into force on 1 September 2016

Adopted by the Board of Examiners on 21 June 2016

⁷ To include in letters/decisions of the Board of Examiners: see attachment 1

Bijlage 1 teksten beroep en bezwaar in brieven aan studenten:

De beroepsclausule wordt gebruikt bij besluiten van de examencommissie, maar ook bij toelatingsbesluiten bij de BSA en van het Honours Programme. In deze gevallen kan de student een beroep doen bij het CBE (College van beroep voor de examens).

Bezwaar kan worden aangetekend bij alle andere besluiten en wel bij degene die ook de afzender is van het besluit.

De clausules moeten worden opgenomen in alle besluiten die aan een student worden medegedeeld.

Beroepsclausule (besluiten van de examencommissie, toelatingsbesluiten BSA en Honours Programme)

Tegen deze beslissing staat overeenkomstig artikel 7.61 van de Wet op het hoger onderwijs en wetenschappelijk onderzoek (WHW) beroep open bij het College van Beroep voor de Examens, Postbus 5, 2600 AA Delft. Het beroep dient binnen zes weken na toezending van deze beslissing te worden ingesteld.
