

Dutch for non-native speakers (NT2)

Dutch language Summer course 2024

Elementary 2

What do you do if you need a doctor? How can you buy a train or bus ticket? What are the opening hours for the shops and what kinds of schools can people attend in the Netherlands? These everyday subjects are dealt with in 'the Green Book', the textbook for beginners. The Green Book contains 43 texts. These texts include the 1200 most common words in the Dutch language, the words that you will use most often.

Elementary 2

During the Elementary 2 course the second part of the Green Book will be discussed. Also in this course the lessons are chiefly devoted to conversation practice. The objective is to simultaneously develop listening and speaking skills. You can be admitted to the course if you have finished the Elementary 1 course successfully or after a placement test.

Programme

July 1st – July 23rd daily morning classes (14 classes)
Monday, Tuesday, Thursday, Friday
9.30-11.00 hrs or 11.00-12.30 hrs
Lessons will take place on the TU Delft campus.

July 29th final test on the TU Delft campus if necessary (exact time to be confirmed).

Study load

20 hrs a week (homework and classes).

Please be sure that you have enough time to devote to your homework!

Level

CEF A1 → A2

Course expenses

€ 425,00

TU Delft Master students and exchange students can do this course as an elective course (wm1116 = 3 ects).

If you are a TU Delft employee and if your department is paying for the course, please give us your baancode (dim 1+2). Ask your supervisor or secretary. For PhDs: please mention explicitly if you joined the Graduate School. Exchange and MSc-students do not have to pay for this course, but can follow it as an elective (3 ECTS).

Participation

You can register ultimately June 27th. Registration can be done through our website. Master/Exchange students can register by sending us an e-mail.
