

Template for Systems Engineering Project

Pre-Proposal

Please submit your proposal via email: m.sovago@tudelft.nl.

The deadline is **30 January 2023, 14:00 (CET)**

The pre-proposals must be structured according to the format below. The language should be English and the exact titles of the paragraphs should be used. The pre-proposal should have a maximum length of one-page A4.

1. Title

The title is short, but clear; no elaborate description.

2. Applicant(s)

Name Applicant, Co-applicant(s), Company name, Address, Email(s) and Phone number(s).

3. Abstract

Brief description of the systems engineering-related challenge that you would like to submit. Please mention the system (instrument, device, sensor) you would like to design during the project. Add a relevant graph or a picture for your case.

This abstract will be further developed in a full Systems Engineering Case and submitted as a full-proposal at later stage.
