

You can deregister from the thematic minor(s) via myTUDelft (Osiris).

You can do this as follows:

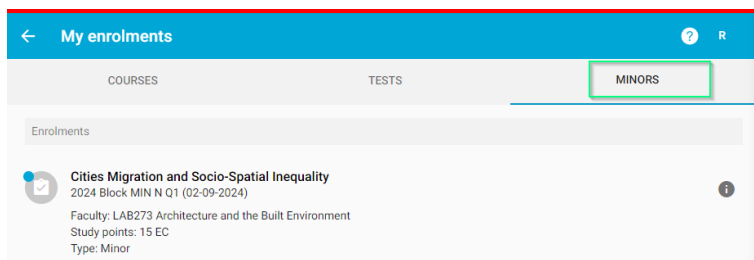

1. Login to your myTUDelft app
2. Go to 'Enrol'.
3. Click on 'Show my enrolments'

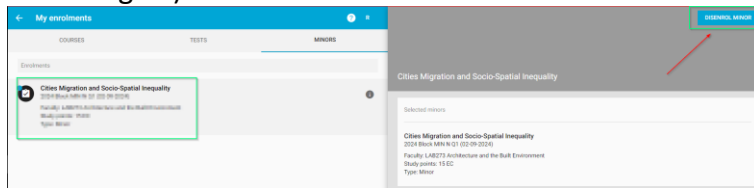

An overview of your registrations appears.

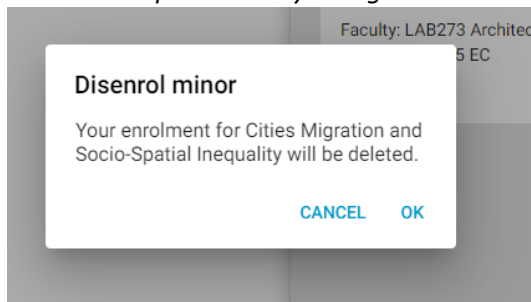

4. Select the tab 'Minors'

5. Select the thematic minor you want to deregister from and confirm your deregistration. (Note: once you have deregistered, you will not be able to register again).

Select OK to permanently deregister.

After you have deregistered, you will no longer see a minor in the 'Show my enrolments - Minors' overview. You can then register for another thematic minor via eduXchange (but only if the registration period for it is still open).
