

If you want to take a minor at the TU Delft, you should take the following steps:

1. Arrange a second enrollment at TU Delft through [Studielink](#).
 - Select "Choose a Study Programme", choose the minor-education of your choice and follow all steps (see printscreens).
 - After the registration you will receive an email with your TU Delft student number and an email with your Net ID. You will need this in order to sign up for the minor of your choice.
2. After your registration in Studielink you need to fill in the online registration form.
 - External students can apply only for a selection minor between 3 and 15 April 2023 (13:00-23:59) and for a non-selection minor between 8 and 31 May 2023 (13:00-23:59).

If you have registered for a selection minor, you will receive an email at the beginning of May telling you whether you have been assigned a place on the selection minor of your choice.

If you have registered for a non-selection minor, you will receive an email mid-June telling you whether you have been assigned a place on the non-selection minor of your choice.
