The '100 DAYS OF' is an initiative organised by 4TU.CEE, LDE-CEL, TLS, and the TU Delft Teaching Academy.

In 100 days (September - December 2021) various events have been/will be organised to collaboratively explore reflection in TU Delft's engineering education on different levels such as content, process, personal and interpersonal level, and will be addressed via papers, publications, experiences, discussions and workshops.

The result of this '100 DAYS OF...' initiative will be a 'whitepaper', showcasing lessons learned, considerations, research and ways to go forward for lecturers coordinators, and education management.
