

# AI & ENERGY: get involved!

## Cooperation in research & innovation

### Cooperate in Research & innovation:

- Find your research partner in AI4Energy (contact [c.g.duterloo@tudelft.nl](mailto:c.g.duterloo@tudelft.nl))
- Joint research & innovation grant applications
- Fully funded: ranging from 1 PhD to ICAI lab (min. 5 positions)

### Make use of our research facilities:

- [ESP lab](#)
- [Delft AI Energy Lab](#)
- [ICAI AI for Energy Grids Lab](#)
- [Delft High Performance Computing Centre](#)
- [EnergySHR](#)
- Digital Energy Studio (in development)
- TU Delft Campus Digital Twin Lab (in development)

### Examples / success stories / patents:

- Innovation projects: [Innovation Projects \(tudelft.nl\)](#)
- TU Delft Patents: [TU Delft patent portfolio](#)

## Young talent

### Get students to work with you:

#### As part of the curriculum:

- [Computer Science Bachelor Software Project \(2 months, 4-5 students software development\)](#)
- [Joint Interdisciplinary Projects \(Master\): Joint Project | TU Delft | University Course](#)

#### Work experience internships:

- [Internship offices and Career Centre \(tudelft.nl\)](#)
- [Delft Career Days \(tudelft.nl\)](#)

Within a joined traineeship program for graduates: [X!Lead](#)

## Ecosystem

### Join our communities and come to events and talks:

- [Mondai – House of AI](#)
- [Powerweb Institute](#)
- [Urban Energy Institute](#)

### Fieldlabs:

- [Green Village - dataplatform:](#)
- [AMS Institute – urban energy;](#)
- [FRAIM \(Robotics & AI for Future of Work\)](#)

Online platform: [TU Delft Pioneering Tech](#)

### Let your employees enjoy our education:

- [Executive Education](#)
- [Extension school for Continuing Education](#)

## Entrepreneurship

- Entrepreneurship: [TU Delft Impact studio](#)
- Entrepreneurship: [Yes!Delft](#)
- TU Delft Patents: [TU Delft patent portfolio](#)
