Optional ways to promote (choose at least 1)

- Share our promotion video on your social media channel.
- Include the FAST logo in the final report (towards sponsors, attendees etc.)

FAST has set promotional materials, this can be found under the heading "promotion" on the website. It is also possible to do a post on Instagram or LinkedIn about the activity and mention the FAST fund in the text.

As FAST, we always want to help more students to realise their ambition. We are therefore curious how we can improve our promotional activities and how we can reach more students. How did you find FAST?

Instructions

Please mention in the below budget overview under 'Revenues' all the incoming funds you expect. It is important for us to understand how you expect to finance your activity (also mention your personal financial contribution). Mention under 'Expenses' the costs you expect for your activity. In case you have a lot of detailed/small costs, it is sufficient to only mention the total amount of key items such as flight tickets, accomodation/location etc.

Make sure to fill in the budget overview in such a way, that the amount of the grant you request from FAST is the resulting deficit. If the deficit is larger because you are still looking for other funds, then please clarify how you expect to acquire sufficient funding to proceed with your project.

In case of a group application: Please fill in the budget and requested grant for the entire group.
