

SUMMER VOLUNTEERS WANTED

The Rohingya Crisis

Looking for a summer project that fits YOUR schedule?
Want to use your technical skills for a good cause?

- Work on independent research projects over the summer related to the Rohingya Crisis in Bangladesh **for a day, a few hours, a few days, any amount of time you can spare**
- The current crisis -which is already extreme- is projected to intensify during the summer monsoon season
- Use your skills in modeling, simulation, programming, gaming, and beyond to add innovative research for a good cause
